

FLAME

1966

PRESENTING THE FLAME

The first annual Flame was published in 1908. The name of our year-book was originally formed from the first letter of each school which united to form Fremont High School: Fruitvale, Lockwood, Allendale, Melrose, and Elmhurst.

In this book, we have attempted to capture scenes from all the activities which have taken place at Fremont during the 1965-1966 academic year.

Much has happened to the students, and in their life ahead, much more will occur. To the Graduates of 1966, the next few years will be very important ones. During this time, the final molding of character, the beginning of which started on the first day of kindergarten, will "set" upon the individual.

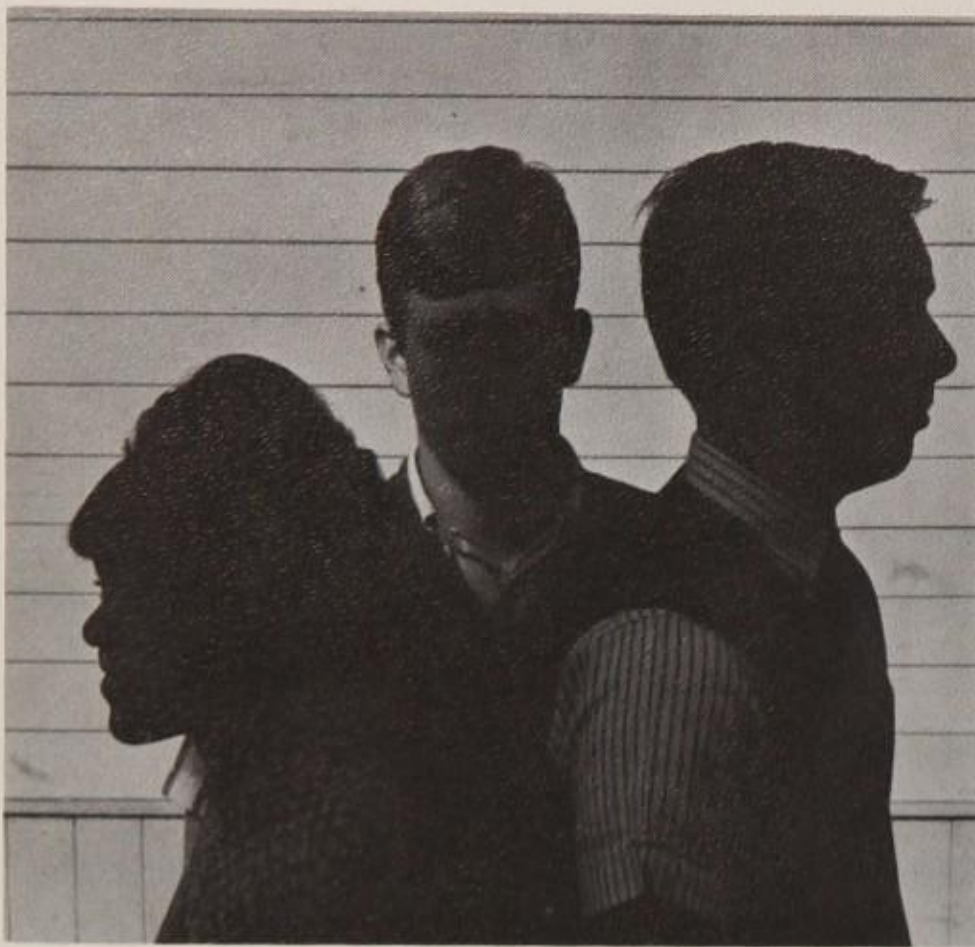

What type of character ensues will be based on the decisions the individual will make during these years.

To the Classes of '67 and '68, we wish the best of wishes. The high school years are some of the most important. Participate, and be a part of your school.

To the Class of '66 the Flame Staff extends its heartiest congratulations. May all the goals for which you have striven at Fremont be reached.

The Fifty-Eighth annual Flame, containing highlights of this past year, and hopefully a slight foreshadowing of the future, is now presented to the student body of Fremont High School.

Sincerely,
The Flame Staff of 1966

Dedication

We, the Flame Staff of '66, wish to honor with this book (along with all the work which has gone into its making) our Armed Forces in Viet Nam.

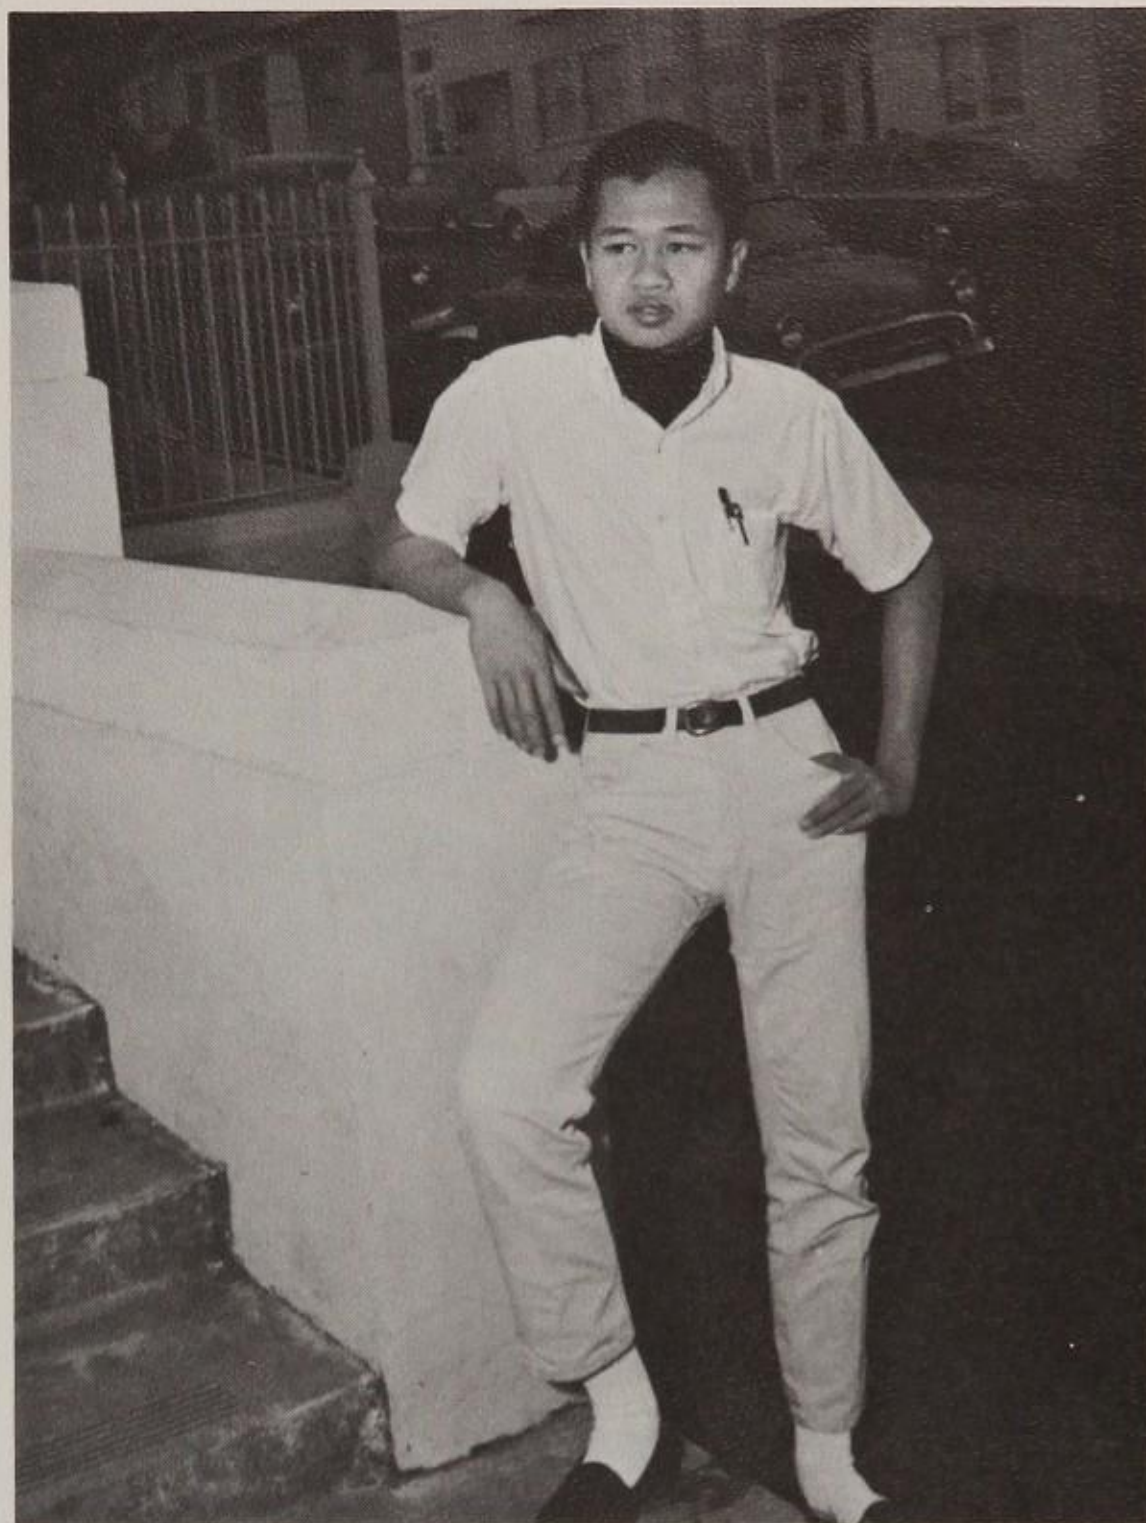

To them we owe more than a mere appreciation and thanks. Rather, we owe esteem, support, and acknowledgment. Oftentimes asked to lay down their lives on our behalf, they are, in reality, helping to mold our future.

At this time when our government's policy is the center of great controversy, we sometimes, unfortunately, fail to remember and to value our representatives in uniform.

So, to our fighting forces in Viet Nam who are giving all their hearts and souls to the ideals of the United States, we respectfully dedicate this Flame of 1966.

It is my hope that our people can become better understood through this A.F.S. program, because some things may seem good in your culture but not mine, or good in mine but not in yours. So this program will bring us a better understanding and knowledge of how to get along together.

And I would like to say thank you for your friendship, thank you for the warmth of Fremont, and thank you to my American Family, that I can't repay their kindness.

Very, very sincerely yours,

SANYA THIPSENA

THE ADMINISTRATION

DR. ROBERT G. ADAMS
Principal

"Three years ago, you and I became Fremont Tigers. At that time, graduation seemed to be a long way off—a mere dot on the horizon! Now it looms large because it is upon us.

"What are you going to do with the next three years? They are yours to spend as you see fit—you can let them dribble through your fingers, or you can seize them and shape them after your own desires.

"I have great faith that the Class of '66 will give a good account of itself.

"Let's get together in '76 and find out!"

Sincerely,
ROBERT G. ADAMS

"As you complete three years of interesting experiences at Fremont, you should find life even more challenging in the future.

"To help you meet the challenge learn to listen attentively, to respect the opinions of others, to curb your own critical impulses, try to make others feel important, develop a concern for others, and think of ways to please.

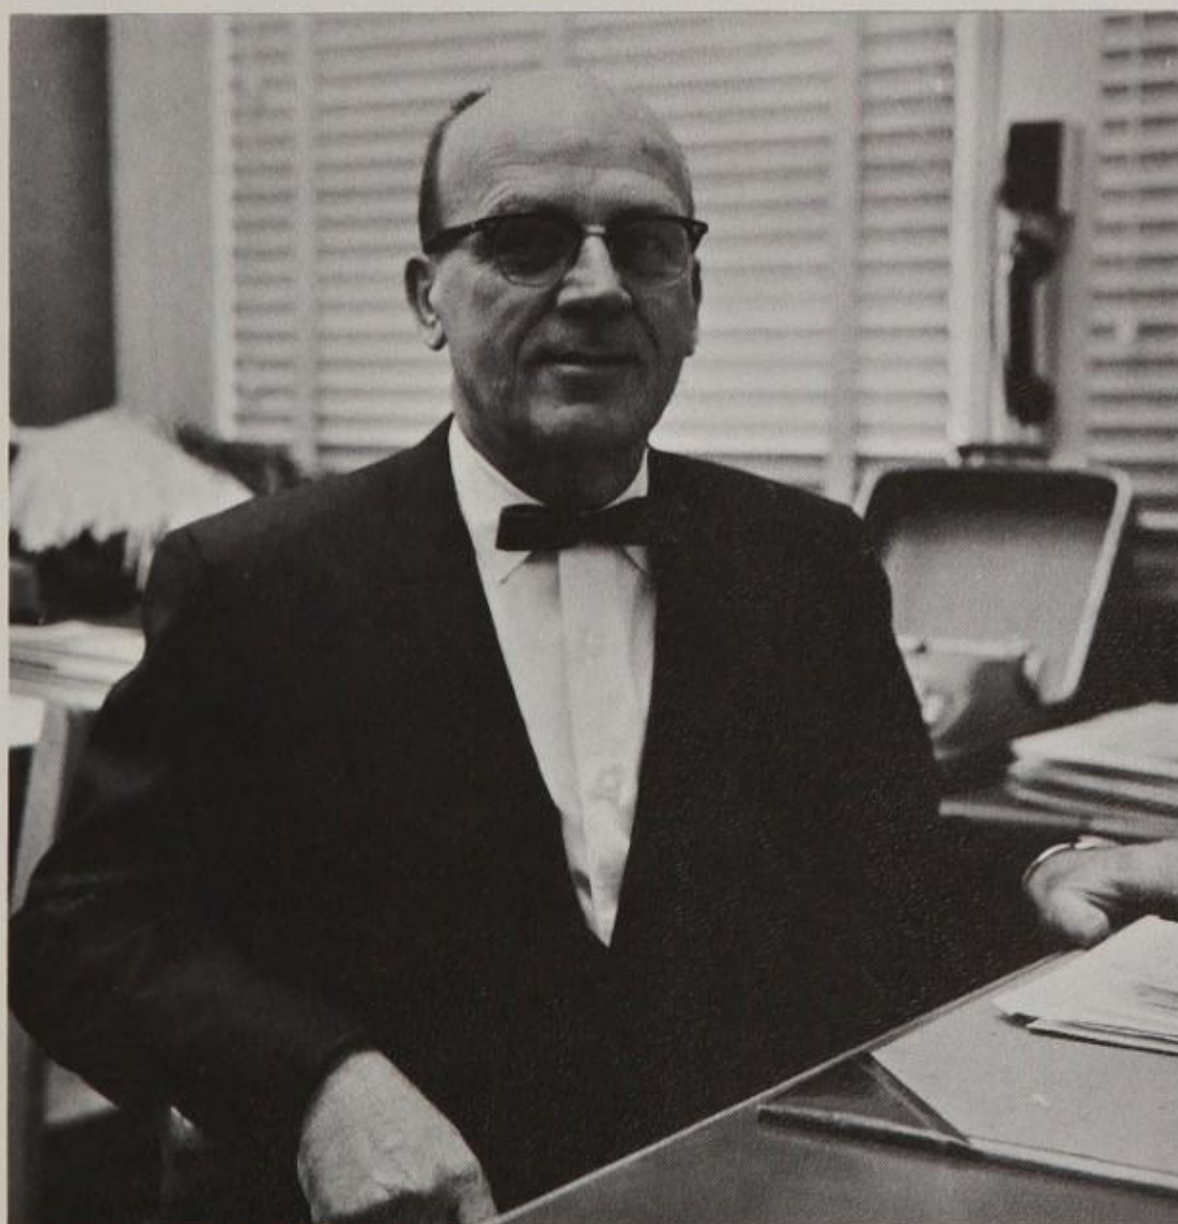

"Practicing likable traits such as thoughtfulness, consideration, cheerfulness, tolerance, sincerity, sympathy, kindness, gratitude, humility, and unselfishness, you will build character, a person's most prized possession.

"Wishing you Godspeed."

"My congratulations to all of you who have worked, achieved, and distinguished yourselves as members of the Fremont Class of 1966. I am proud of your loyalty to the traditions of Fremont, your cooperation with your teachers, and your efforts to do your part to maintain Fremont's enviable position as a high school which has always been outstanding.

"I know you will be as successful in your future endeavors as you have been during the past three years."
